

tried & tested ROUND-UP

▲ Rapha Women's Club jersey £95

Used for: 1 week
 www.rapha.cc

A good jersey is essential to any cyclist's wardrobe. Rapha is well established in men's cycling apparel. In March 2010 they launched a women-specific range too. This 'Club jersey' is made from 'Sportwool' for performance comfort with a women's tailored fit, while the jersey's mesh side panels have an 'eyelet' construction for better ventilation where you need it most.

There are three colours available: cream and white, blue and white and pink and white. Each jersey has an embroidered motif on each right rear pocket – the 'Domaine Des Anges on Mont Ventoux' is featured on my cream one, in homage to Tom Simpson the great English rider. Two other pockets and a zipped valuables pocket. A gripper on the hem keeps the jersey in place. It's incredibly comfy – warm on cool days and cool on warm ones.

▼ Edge Any sharp £14.99

Used for: 3 weeks
 www.anysharp.com

This simple-to-use tool put a good edge on my pocket knife after just a couple of strokes. My knife now cuts fruit easily and my pencils have never looked so good.

But any sharpener wears the knife blade: that's how they work. The downside here is that the sharpener is quite aggressive. A lot of knives are made from relatively soft stainless steel and I think you'd notice your blade getting smaller if you sharpened it regularly. So, for my favourite knife (the one my father gave me) I'd still use a wet stone. For others I'd use the Edge, but I wouldn't take it anywhere near a blade that needed a specific profile, like an axe. **Aran, Publisher**

'A New Star is Born' **Viker Star** NEW
 High Output Multi-mode LED Headlamp

The new VIKER STAR from NEXTORCH offers fantastic performance for any outdoor activity!

Highest quality CREE® LED Chip, producing 140 Lumens (high beam), with an impressive 120 metre beam length!
